

UPCYCLING PROJECT

Waste For Good

PLASTIC POLLUTION

How does it happen?

**Innocent
Turtle!**

Why are u eating the plastic?

Isn't it a jelly fish?!

Animals in the sea mistake plastic for food and feed on it...

How long does the plastic remain in the sea?

Foam plastic cup
50 years

Plastic bag
10-20 years

Plastic straw
up to 200 years

Six pack holders
400 years

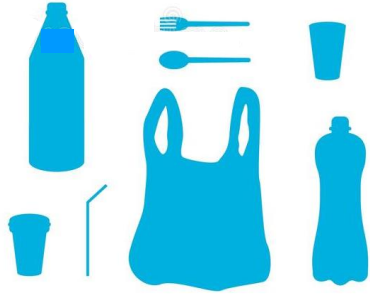

Plastic bottles
450 years

How to tackle plastic pollution?

Reduce plastic waste
Don't buy single-use plastic

Reuse or upcycle

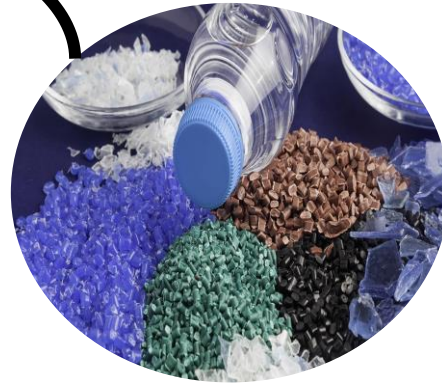

**MY JET
PACK**

Dispose of it in a
recycle bin

Where does the plastic go if I put it in a recycle bin?

What is upcycling?

**Milk crates into
garden furniture**

How to upcycle at home?

First step:

Complete a waste audit

SUSTAINABLE FURNITURE

Made out of mixed single-use plastics

SUSTAINABLE FASHION

Made from mixed single-use plastics

ECO-STRUCTURES

Made from mixed single-use plastics

INTERIORS

Made from mixed single-use plastics

UPCYCLED PLASTIC BOTTLES IN PLACE OF BRICKS

EXAMPLE OF BOTTLES USED AS BRICKS

NEARLY COMPLETE HOUSE MADE FROM UPCYCLED BRICKS
